Downtime PACS vs. Traditional PACS

Why Downtime PACS Wins:

Feature	Traditional PACS	Downtime PACS
Operates without hospital network	❌	✅
Functions during cyberattacks	❌	✅
No PACS/RIS/HL7/EMR integration needed	❌	✅
Offline image access + structured reporting	❌	✅
Field-deployable (disaster/rural readiness)	❌	✅
Auto-syncs to cloud when connectivity returns	❌	✅
Redundant local archive with RAID protection	❌	✅
Viewer access via browser or included laptop	❌	✅
Designed for Joint Commission compliance	❌	✅
Plug-and-scan install; < 60 min setup	❌	✅
